

**COURT BRIEF FILED IN CASE AGAINST EL DORADO
COUNTY BOARD OF SUPERVISORS FOR ABUSE OF
DISCRETIONARY POWER**

June 30, 2015, Placerville, CA

The Opening Brief has been filed in the matter of Citizens for Sensible Development in El Dorado Hills v County of El Dorado. The basis of the litigation can be seen in a copy of the Brief here:

The abuse of discretion by the Board motivating this legal action is described in Attorney Tom Infusino's December 1, 2014 letter:

"Given the unusual decision of the Board of Supervisors on November 4 to defy the recommendations of their advisory bodies, and to direct the Planning Department to prepare for project approval, it has become necessary to explain why this project approval is not only ill advised, but also unlawful at this time."

It is up to citizens to take action and hold officials accountable when they abuse their discretionary power and ignore the law. Citizens for Sensible Development in El Dorado Hills and Save Our County are working together to see that public concerns about the project and its impact on the community are addressed and that environmental law is followed.

Please visit www.Citizens4SensibleDevelopment.org or www.SaveOurCounty.net to find out how you can join the effort to hold the El Dorado County Board of Supervisors accountable for abusing their discretionary power.
